Orders have been passed to pay the amount as per tender, because if more than the tendered amount is paid, then it will lose the importance of a tender. Therefore there are no reasons to revise the orders already passed.

The cost of printing the Book in question at Government Press Schedule of rates works out to Rs 1,462/- An increase by 20% to 25% over this amount is also admissible if the work is subjected to heavy departmental corrections, additions and alterations

As regards the case under consideration, it is reported by the Municipal Commissioner, that there were only two offers to undertake the printing of the work in question and that the rates quoted by K V V Press being cheaper of the two quotations, the work was entrusted to that Press The payment of the bill amount claimed as per accepted tendered rates appears to be, therefore, quite reasonable

It is further stated in the Municipal Commissioner's letter, that the printing of the work was unavoidably prolonged on account of additions and alterations to the Byelaws which had to be incorporated into the work at the last stage Heavy additions, alterations and delayed print orders on this account, naturally cause inconvenience and extra charges to the Printer The Municipal Council who have had the first hand knowledge of the position, have, in consideration of the amount of extra work involved on this account, approved the payment of 20% extra over the bill amount which appears to be also justified

In the circumstances, I suggest that the payment of the Printers bill at accepted tendered rates inclusive of 20% extra as passed for payment by the Municipal Council, which appears to be not desirable to dispute at this stage, may kindly be approved

The Dr of P&S has no objection to payment as passed by the Ml Council for a sum of Rs by them Hence the resolution to pay Rs 1816/- plus 20/ may perhaps be approved

Subject - Printing of Mysore city Municipal Rules and Bye-laws

---

With reference to your letter No L 8860 /CM 31-53-105 dated 23-10-53 on the above subject, I write to state that the sum of Rs ~~1791~~ 1816/- represents the actual charges, to be paid at tender rates for the running matter and statements so far printed and bound into one volume The rates are those accepted years back in 1946-47 and there is no variation The increase in the estimated amount is due to the - additional number of pages having had to be printed in respect of the rules and Bye-laws subsequently framed by the Council and approved by Government and is on no account due to any variation in rates It is therefore requested that orders may be obtained for making payment the sum of Rs 1816/- towards printing and bounding the bye-laws books as per actuals at tendered rates

As for the payment of 20% over the tendered rates, the Council ~~has~~ considered that on account of the prolonged period taken for the printing of the bye-laws due to additions and alterations in the matter that had to be given for printing as also on account of the increased cost of labour and materials, the printer should be paid the above as a compensation to reemburse the loss sustained by him as he had to pay extra rates to get the work done As already explained in my previous letter, the rates accepted in 1946-47 are nearly half of what the other press viz , Bangalore Press had quoted and as such, the claim for 20% more seems to be very fair

P T O

In these circumstances I request that orders of Government may kindly be obtained for making payment of Rs 1816/- towards the printing of the bye-laws at tender rates and further to pay 20% over the tendered rates as a measure of relief to the printer who had to incur extra expenditure in paying the present ~~prices or~~ higher rates for labour and materials for the increased cost of men and materials

Yours faithfully,

(N Lakshman Rau)
Municipal Commissioner
